

OSSD/IGM

2019 WASHINGTON, DC

Current Topics in Sex Differences II

This is the second of two sessions featuring individual talks from investigators studying a broad array of topics. Talks in this session will discuss sex differences in estrogenic regulation of the synapse (Dr. Srivastava), chromatin organization and anxiety (Dr. Kundakovic), renal disease (Dr. Garovic), heart palpitations (Dr. Schenck-Gustafsson), and inflammatory pulmonary responses (Dr. Rebuli).

Second Joint OSSD/IGM Meeting Washington, DC, USA May 5 – 8, 2019
